

LOT CONSOLIDATION INFORMATION

WHAT IS A LOT CONSOLIDATION?

A Lot Consolidation is the process of eliminating property lines between two or more contiguous legal lots of record.

THE PROCESS

The Planning Administrator will review the information provided on the application and determine whether the consolidation complies with the requirements and limitations set forth in the Benton County Code 9.11. If all requirements of BCC 9.11 have been satisfied the Administrator may approve in writing the Lot Consolidation request.

Upon approval of the Lot Consolidation and prior to the recording of any documents; a quit claim deed and excise tax form must be submitted to the Planning Department for review and approval. **The legal description will not be reviewed by the Planning Staff for accuracy.** After review by the Planning Department, the applicant may take the deeds to the Treasurer's office to be processed and then on to the Auditor's office to be recorded. A copy of the recorded documents, including the Auditor's file number, must be supplied to the Planning Department by the applicant.

CRITERIA FOR APPROVAL

The proposed Lot Consolidation may only be approved if it complies with the requirements and limitations set forth in BCC 9.11 and will not result in the following:

- (a) Creation of any additional lot, tract, parcel, site or division.
- (b) Result in a lot, tract, parcel, site or division which contains insufficient area or dimension to meet the minimum requirements for area and dimension as set forth in Chapter 11 of the Benton County Code and local health codes and regulations.
- (c) Diminish or impair drainage, water supply, existing sanitary sewage disposal, and access or easement for vehicles, utilities, and fire protection for any lot, tract, parcel, site or division.
- (d) Diminish any easement or deprive any parcel of access of utilities, unless alternate easements, access or utilities can be satisfactorily provided.
- (e) No approval shall result in inconsistency with state or local platting requirements.
- (f) Amend the conditions of approval for previously platted property.

APPEALS

Any decision regarding the approval/denial of a lot consolidation may be appealed to the Benton County Hearings Examiner subject to the requirements in BCC 11.53.

EXPIRATION

Preliminary approval of a lot consolidation shall expire one (1) year from the date of approval if the conditions of approval have not been satisfied.
